Ref: CM64G □
Delivery method: Classroom
Price: AUD

Overview

This course is designed to describe the features and functions of Fast Path both from a capability and an implementation perspective.

Public

This is an advanced course for IMS application designers, application programmers, system administrators, and database administrators, who design or implement IMS Fast Path applications in an IMS Transaction Management (TM) or CICS Database Control (DBCTL) environment.

Prerequisites

You should complete:

- *IMS Fundamentals (CM010)* **or**
- *IMS Fundamental - Web - ILO (CMW01)* **or** have equivalent work experience

Objective

Prior to enrolling, IBM Employees must follow their Division/Department processes to obtain approval to attend this public training class. Failure to follow Division/Department approval processes may result in the IBM Employee being personally responsible for the class charges.

GBS practitioners that use the EViTA system for requesting external training should use that same process for this course. Go to the EViTA site to start this process:<http://w3.ibm.com/services/gbs/evita/BCSVTEnrl.nsf>

Once you enroll in a GTP class, you will receive a confirmation letter that should show:

- The current GTP list price
- The 20% discounted price available to IBMers. This is the price you will be invoiced for the class.
