IBM Financial Transaction Manager Digital Payments Canadian Edition  
Information

**Length:** 24.0 Hours  
**Ref:** G7021G □  
**Delivery method:** Classroom  
**Price:** AUD

Overview

\*\*\* For inquiries and scheduling for this course, please contact [wfssedu@us.ibm.com](mailto:wfssedu@us.ibm.com) \*\*\*

This is an IBM ISDR course.

Students will learn to how to process, monitor and tailor payment processing in FTM4CPS. Training demonstrations and exercises simulate a real-world Canadian Payment Standard 005 implementation to enable students to apply concepts learned to their own FTM implementations. At the end of this course, clients should be able to use and configure the basic functions of the software.

A more in-depth version of this course, G7022, includes all materials from this course, plus an additional 2 days of material focusing on Business Rules - Custom Development and Service Framework Tasks - Custom Development.

Public

Business Analysts, Architects, Developers, and Testers.

Prerequisites

- Familiarity with payment processing.
