IBM Business Process Manager Coach Enhancement Using the BPM UI Toolkit  
Information

<b>Length:</b>	12.0 Hours
<b>Ref:</b>	WB830G
<b>Delivery method:</b>	ClassroomInstructor Led Online
<b>Price:</b>	AUD

Overview

This course is also available as self-paced virtual (e-learning) course *IBM Business Process Manager Coach Enhancement Using the BPM UI Toolkit* (ZB830G). This option does not require any travel.

This course teaches you how to use the BPM UI toolkit for IBM Business Process Manager coach enhancements. It provides a detailed introduction to key concepts, capabilities, and controls.

The BPM UI toolkit enhances and streamlines the BPM UI creation process. It offers controls and familiar UI development patterns that help UI developers focus directly and efficiently on business problems.
