Fundamentals of the IBM Cúram SPM Platform for Business Analysts 6.0.5
Information

Length:	40.0 Hours
Ref:	9D47G □
Delivery method:	ClassroomSelf-paced Virtual Training
Price:	EUR

Overview

This course provides a thorough grounding in the fundamentals of the IBM Cúram Social Program Management (SPM) Platform. It presents a business analyst and caseworker overview that introduces the key components of IBM Cúram SPM, namely, SPM Platform User Interface, Participant Management, Case Management, Evidence Framework, Financial Management, System Administration, Verification Engine, Evidence Broker, Provider Management, Outcome Management, Rules Management, Workflow Management, and Universal Access.

The course explains out-of-the-box IBM Cúram SPM functionality and outlines the recommended approach to reusing the IBM Cúram SPM Platform reference application.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course.

Public

This intermediate course is designed to provide learners with a high-level functional overview of the main components of IBM Cúram SPM 6.0.5.

Prerequisites

Required:

- Learners should have a working knowledge of health and human services programs**and** exposure to and experience of typical business process analysis activities related to system implementations.

Recommended:

- In addition, it is recommended that learners have experience with Adobe Acrobat, Microsoft Excel **and** Word, **and** one or more database applications.

Objective

Prior to enrolling, IBM Employees must follow their Division/Department processes to obtain approval to attend this public training class. Failure to follow Division/Department approval processes may result in the IBM Employee being personally responsible for the class charges.

GBS practitioners that use the EViTA system for requesting external training should use that same process for this course. Go to the EViTA site to start this process:

<http://w3.ibm.com/services/gbs/evita/BCSVTEenrl.nsf>

Once you enroll in a GTP class, you will receive a confirmation letter that should show:

- The current GTP list price
- The 20% discounted price available to IBMers. This is the price you will be invoiced for the class.

Topics

- How the overarching IBM Cúram SPM product is structured and the functional interrelationships between its constituent parts
- The main functional components of the IBM Cúram SPM Platform and the respective purpose of each component
- The functional distinction between IBM Cúram Enterprise Modules and IBM Cúram Solutions
- IBM Cúram business process analysis activities
