IBM Cognos Report Studio: Author Active Reports (V10.2)
Information

Length: 1.0 Day
__Ref: B5298G-X
Delivery method: Classroom
Price: EUR

Overview

IBM Cognos Report Studio: Author Active Reports (V10.2) is an advanced one-day, instructor-led course, based on the 10.2.1.1 release of IBM Cognos Business Intelligence. Through lecture, demos, and workshops, participants increase their Report Studio experience by building highly interactive reports using active report controls, which can then be distributed to and consumed by users in a disconnected environment, including on mobile devices.

Public

This offering is intended for professional report authors who have a need to create highly interactive business intelligence reports for consumers working in a disconnected, mobile or non-mobile, environment.

Prerequisites

You should attend the IBM Cognos Report Studio: Author Professional Reports Fundamentals (V10.2) course.

Objective

Please refer to Course Overview for description information.

Topics

Introduction to IBM Cognos Active Reports

- Identify the value of active reports
- Examine an active report and its controls
- Convert an existing report to an active report
- Debug and save an active report
- Explore interactive properties
